REAL ESTATE SECTION

All the News, Announcements, and Advertisements you'll want to follow in each issue of the paper, reporting the development of the great Desert Empire surrounding Palm Springs—showing new developments, improvements, sales and offers for sale—of the Improved Properties, Ranches, and Acreage in this, the Fastest Growing Desert Area in the Great Southwest.

29 Palms Hospital Plans Progressing

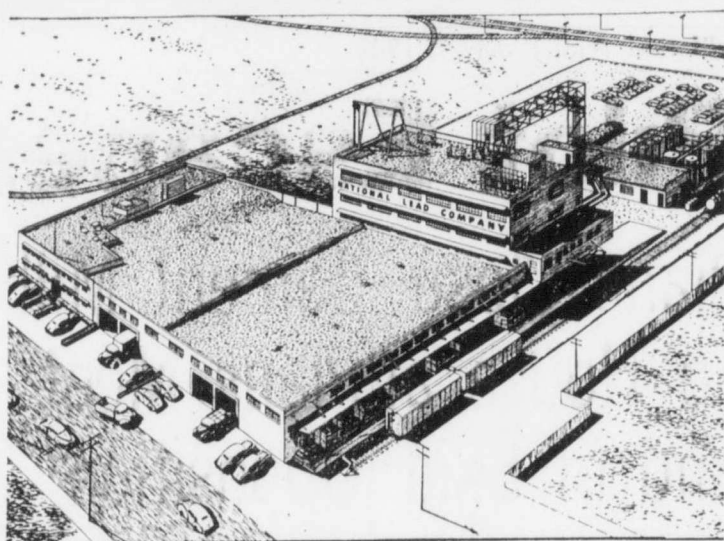

Lutheran Church Heads Confer on Desert Site

New impetus was reported this week in the move to establish a sanatorium and hospital in Twenty-nine Palms.

Officials of Lutheran churches and the Wheatridge Foundation of Colorado have been conferring in the desert city with H. O. Wendt.

Wendt, of Twenty-nine Palms, is president of the Lutheran sanatorium and hospital association. The conferences were disclosed by C. G. Fitzgerald, president of Hamilton Sales Corporation, owners and developers of Adobe Acres, Sunmore and Sunnema in the desert resort area.

Flying West for the conference were the Rev. H. F. Wind and Charles Hickman, both of Buffalo, N. Y., and H. F. Feucht, Denver banker and foundation director.

THE LATEST—Reproduced here is the artist's conception of this latest industrial plant just completed in metropolitan Los Angeles to serve the paint needs of southland communities. "Open house" is scheduled for Thursday, July 15, and Friday, July 16, from 7:30 to 10 P. M.

Santa Barbarans Buy Village Home

Mr. and Mrs. George Coleman of Santa Barbara who recently sold their home in the Tennis Club district have purchased a new home in Las Palmas Estates at the corner of Vereda del Sur and Camino del Centro.

This home has just been completed by Sam Pascal, well known local contractor and contains all the ultra modern features, designed to give the most conveniences for Palm Springs living, with south terrace including 20x40 swimming pool.

Al E. Hoover, realtor with Culver Nichols, represented both buyer and seller in this transaction.

Another sale completed this week by Hoover was the new home being built by Contractor Ingmar Grude on East El Portal to Mr. and Mrs. Louis Ebell of Banning. The Ebells plan on taking possession as soon as the house is completed.

Women were not admitted into any of Harvard University's graduate schools until 1918.

Local Dealers Will View New Factory

Completion of the new ultra-modern Southern California plant of the National Lead Company, representing a total investment of \$1,750,000 to better serve the paint needs of this community, has just been announced by James L. Caruth, manager of the Pacific Coast branch of this organization, best known as manufacturers of "Dutch Boy" paints.

Among dealers who have been invited to attend an "open house" on Thursday, July 15, and Friday, July 16, from 7:30 to 10 p. m. are Tom Holland and Newton Hotchkiss of the Palm Springs Department and Hardware store and Budd Rupp of Cathedral City.

The new plant is located on East 26th street, just east of Soto street in the central manufacturing district of metropolitan Los Angeles.

Coming to Southern California for the opening are Joseph A. Martino, president and David A. Merson and Harry C. Wildner of the executive committee of the board of directors, all of New York.

New Construction Effect Being Felt

Already Taking Pinch Out of Shortages

How far new construction has already taken the pinch out of the housing shortage is shown by the general stabilization of prices for used houses, the National Association of Real Estate Boards reported this week. Conclusions were based upon the results of the 48th semi-annual survey of the real estate market which covered 208 cities in 48 states.

"Used homes older than 10 years," says the report, "carry a somewhat lower price than they did a year ago in 64 per cent of the reporting cities, keep approximately the same price tag in 26 per cent of the cities, and are selling at a higher figure in only 10 per cent. For used residences less than 10 years old, the prices are the same in 56 per cent of the reporting cities, lower in 31 per cent, and higher in only 13 per cent.

"Prices of used houses are expected to remain the same or in some cases to decline somewhat further during the remainder of 1948 in 92 per cent of the reporting cities.

"Prices of new homes, which reflect the trend in labor and material costs, are higher than a year ago in 57 per cent of the cities, the same in 35 per cent, and lower in 8 per cent. Prices are expected to remain at the current plane or decline in 48 per cent of the cities during the remainder of 1948."

California Leadership

California with a construction volume of \$493,500,000 in this year's first quarter continued to set the nation's building activity pace.

The southern division will be represented by Harry S. Irwin, manager, K. C. Specht, assistant manager, and C. E. Campbell, factory superintendent.

This is the 5th year of the National Lead Company's existence. Dollar sales for 1947 totalled \$268,026,394. The company operates plants, warehouses, mines and offices from coast to coast.

On Wednesday, July 14, Los Angeles city and county officials and civic leaders will gather in the late afternoon to welcome the plant to the Southland.

Here's Your Opportunity

Acreage across from B Bar H Ranch and also Bubbling Wells and on Palm Drive near Desert Hot Springs. We have 520 acres that are located between Dos Palmas Tract at Palm Drive and Dillon Road and the new Million Dollar Two-Bunch Palms Development. This acreage has an abundance of water with it and is a part of the greatest development in the desert at the present time. Water is piped to the acreage and you can have either hot or cold water. Don't miss this opportunity. You can buy from 40 acres up on a paved highway. This is the best location in the desert for development.

Lester W. Ward Again Heads Local Carpenters' Union

Officers of Local 1046 Installed at Session At Village Headquarters

Installation ceremonies were staged by members of the United Brotherhood of Carpenters and Joiners, Palm Springs Local 1046, at their local headquarters last week.

Lester W. Ward, who was recently re-elected president, was installed as head of the group and James A. Burnaugh, new vice-president, was seated at his side.

Others installed were Francis I. Murray, re-elected recording secretary; David S. Becker, re-elected finance secretary; James Gates, warden, and Andrew J. Bourland, Jay R. Tyson and James Burnaugh, trustees.

Myron Coady acted as installing officer.

Many See Show

A total of 125,894 persons attended the third annual Southern California Construction Industries Exposition and Home Show held at the Pan-Pacific auditorium in Los Angeles June 10-20, it was announced.

Adobe Hacienda

Dos Palmas News

Before you buy a desert home you should drive out to Palm Drive and Dillon Road, near Desert Hot Springs and across from B Bar H Ranch and see the new homes that have been passed by FHA on final inspection. They have a large living room, a large bedroom, a kitchen, a shower with toilet and wash basin. They are built of pumice-concrete and are on a large lot 52½x180 feet and each lot has gas, lights and water installed. The streets are paved and all of the utilities are paid for. From a 700' well we have an abundance of soft water. Each owner of a house or a lot gets a share in our mutual water company free. Our houses are \$4550.00 which can be had by paying a reasonable down payment and the balance on FHA terms, cheaper than rent. Large lots on reasonable terms.

Drive out Indian Avenue to Highway 99 and jog to the east and continue to Dillon Road 1½ miles, then turn east 2½ miles to the tract.

Politics Today

By ETHEL WHITEHORN

THE CONGRESSIONAL SITUATION

The citizens of California, and other western states, are geared for the active presidential campaign which confronts them during the coming months. The fact that the east, represented by Thomas E. Dewey, and the west, represented by Earl Warren, are joined together for the first time since 1856, is certain to arouse much enthusiasm.

Western potency, so far as the harvesting of votes is concerned, is on trial, and all westerners know it. We have an opportunity to make a record, thereby proving to the more populated states in the east and middle-west, that we are not an isolated frontier.

Along with our incentive to elect Governors Dewey and Warren, must be added a strong driving force to elect republican congressional candidates who will work harmoniously with the new administration.

ELEVEN CALIFORNIA members of the house of representatives were reelected in the June primaries. Eight are republicans. Three are democrats. A ninth republican was added to the list when Thomas Werdel of Bakersfield, running for office for the first time, won the seat vacated by Alfred Elliott of Tulare. Since California has 23 congressional districts, the eleven republican candidates who did not win in the primaries are scheduled for the run-off.

The many people throughout California, who are readers of the Desert Sun, should be familiar with the voting records of all congressional candidates who are

Desert First

NMA Speaker Would Divert Marshall Funds

Leigh Silliphant, National Association of Manufacturers speaker, told a group in Los Angeles Tuesday that the United States should divert two billion dollars from the Marshall plan to reclaim America's desert land.

He was addressing the Co-Operative club in Los Angeles and urged development of desert areas, including the Colorado desert, before sending the money abroad.

seeking reelection. I have those records on file and shall publicize them during the campaign. They give every reason why the following candidates should be soundly defeated: 1—Frank Havenner, San Francisco; 2—Helen Gahagan Douglas, Los Angeles; 3—ex-Congressman Ellis Patterson, Los Angeles; 4—ex-Congressman Ned Healey, Los Angeles; 5—ex-Congressman Clyde Doyle, Long Beach; 6—Chet Holifield, Los Angeles; 7—Harry Sheppard, San Bernardino.

FOR SIXTEEN YEAR'S, America's strength has been sapped by tax and tax Presidents, swollen bureaucracies, and numerous leftist congressional representatives, so eager to follow the New Deal, that they have forgotten the constitution of the United States was ever written. They scream about the high cost of living, the lack of housing, the plight of veterans, and the misfortunes of our older citizens. They are blaming the republicans for the mess this country is in. The American voter can do a no greater service to his country than to turn the spotlight on shrieking congressional candidates, who call themselves "liberals", and reveal them as they really are. Our people want freedom. They want production instead of scarcity. They want to feel secure in their businesses and their homes.

On the Record

Beatrice Kay Warbles One With P. S. In It

Palm Springs goes on record! That was the news being bandied about at RadiOasis this week, where an advance copy of a Columbia recording by Beatrice Kay, called "I Want to be a Cowboy in the Movies," was heard to contain three distinct mentions of Palm Springs.

KCMJ's Art Laboe promised he would play the platter on tonight's Music for the Party program at 10:30 p.m. He said that Miss Kay gives Palm Springs the real-gone treatment.

It was presumed the songwriters responsible felt Palm Springs a desirable vacation spa for the cowboys of moviedom.

It was reliably reported further that the record arrived, in spite of the desert temperature, in a comparatively unwarped condition at KCMJ's studios.

Casa Margareta Apartments Sold To Easterner

Another apartment house was reported sold this week by the Raymond Cree office, with the purchase by Mrs. Sarah Fishman of South Bend, Indiana, of the

Would Ban Motorcycle Races

Riverside City Council to Take Case Before California League As Result Wild Week-End

If Riverside city council has its way, there'll be no more motorcycle racing in California.

At its meeting this week councilmen were irate over the riotous scenes of last week-end when motorcyclists practically tore up the town and wanted immediate action.

Mayor Walter Davidson asked for time to think it over but said that the city should go to the California League of Municipalities and demand a statewide ban on motorbike races to prevent recurrence of similar incidents.

Riverside was the second city in the state to feel the effect of the motorcyclists' playfulness. When the group came to Palm Springs last season they were very well behaved and there were no off-color incidents.

In the meantime city courts were full at the county seat as motorcyclists either forfeited \$25 bail or were fined that amount. One assault and battery case arising out of the melee will be tried later.

Casa Margareta Apartments on Paseo El Mirador.

The four-unit hostelry was sold for \$30,000 and both buyer and seller were represented by Burnham Bigelow of the Cree organization.

Baby Daughter

A daughter was born to Mr. and Mrs. Bill Jekel Monday June 28 at 10:45 p.m. at Santa Monica hospital, according to word to friends here. Mrs. Jekel is the former Pat Roth, Palm Springs high school graduate before her marriage, office nurse for Dr. W. K. Woods. Mr. Jekel is a scenic artist with MGM.

The little girl who weighed seven pounds, one and one-half ounces at birth, is the granddaughter of Leonard and Leona Roth, well known Villagers who are summering at Paradise Cove, Malibu.

One Dead, Two Hurt in Crash At 1000 Palms

One man was dead and two were injured in an automobile accident on Highway 99 four miles west of 1000 Palms Monday. A fourth escaped unhurt.

According to Coroner Ben White, Charles Dotson, 52, San Diego, was riding as a passenger in a car driven by Lt. Edward Van Horn, San Diego when it crashed with a truck driven by L. F. Stout of Westmorland.

Dotson and the Van Horns were taken to Coachella hospital where Dotson later succumbed. Mr. and Mrs. Van Horn were transferred to a Naval hospital. Stout was unhurt.

The volcanic Mount Pelee, on Martinique, after 51 years of inactivity, on May 8, 1902, gave vent to its pent-up fury in a blast that sent a stifling cloud 13,000 feet into the air. As this steaming mass reached St. Pierre, people died like flies.

In World War III there will be only two classifications: the quick and the dead.—Major-Gen. Lewis B. Hershey, wartime selective service director.

Soap Box Derby

Desert Hot Springs Lad Is Winner at Banning

Jim Haidet, 13-year-old entrant of the Desert Hot Springs post of the Veterans of Foreign Wars, won the Soap Box Derby which highlighted the final events of Pioneer Days at Banning Monday. He was the runner-up in last year's race down North San Geronimo avenue from Repplier road. The only casualty of the thriller came when the Derby entry piloted by Dick D'Aura of Beaumont went out of control and crashed into the crowd lining the speedway. An out-of-town spectator, who declined to identify himself after the accident was knocked unconscious but soon recovered and departed in his own automobile. The driver suffered only minor bruises in the crash.

NOW OPEN FOR SUMMER

Dust of Destiny

The tiny flakes of yellow metal which the bearded miner sees in his pan was one of the far-reaching forces that accelerated the slow but steady western movement of the peoples of the world.

The discovery of gold at Sutter's Mill in January, 1848, precipitated the rush of '49, one of the great human treks of history. In that year California began to draw men as a magnet draws filings and the important thing about the whole business was, not the amount of gold dug from the hills, but the fact that its dramatic discovery publicized California throughout the world as a land of liberty and promise. The gold dust the miners panned from the stream beds was indeed the dust of destiny.

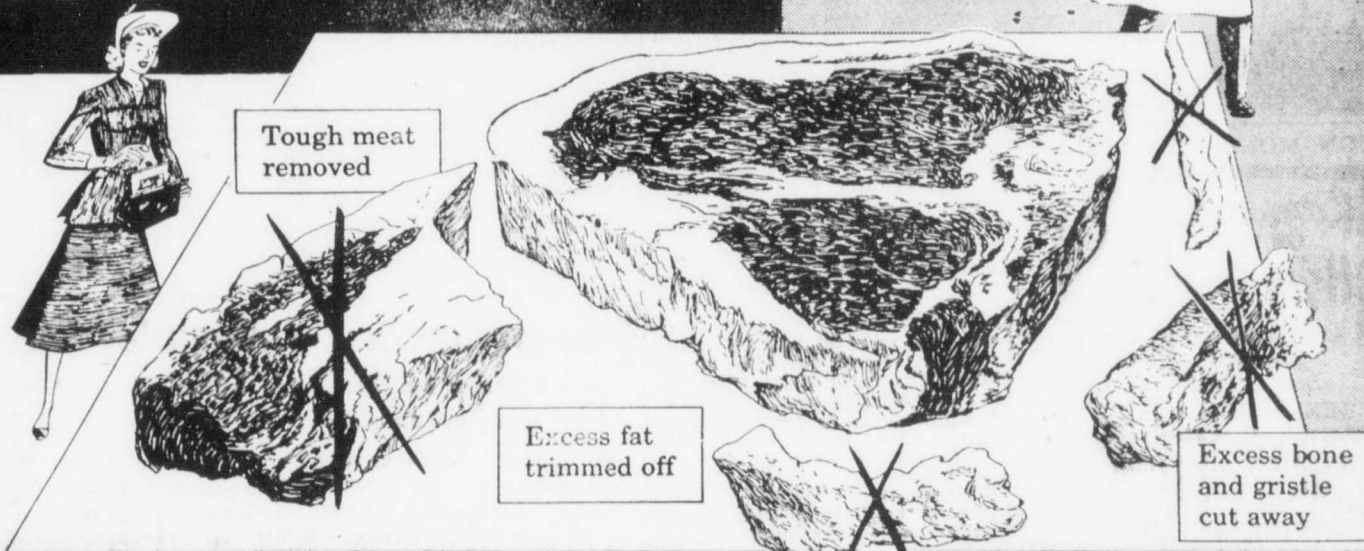

The finding of gold in California influenced the movement of peoples. A little more than a quarter of a century later another great event changed the character of civilization — the discovery and invention of the telephone.

Three Important Streets Added to Major Arteries

On recommendation of City Manager William E. Alworth, council Wednesday night started action toward including three streets in the city's list of streets of major importance—eligible for street work paid for by the city's share of gasoline tax funds.

The three thoroughfares to be improved are of strategic importance in linking main-travelled thoroughfares in the rapidly developing southern and eastern section of the city.

THEY ARE Sunrise way from Ramon road to Highway 111, the Indio road, providing a much-needed connection with the new civic center and airport and points along Highway 111 to Cathedral City; Mesquite from Vista de Oro to Sunrise way and Sunrise Dunes road from Camino de la Playa to Sunrise way, both the latter streets providing important outlets for a large district.

Acceptance of the recommendations by council precipitated a discussion about streets in the northern section of the city.

"I DON'T LIKE to start this since it is up near the Racquet club," said Mayor Charles Farrell, owner of the club, "but how about Racquet club road linking Indian avenue and Palm Canyon drive? My constituents up in district four are after me hot and heavy for action there."

City Engineer George Minturn reported that some time ago he had written to every property owner along the street regarding improvement and the acquisition of sufficient land to bring it to the 60-foot width required before it could be included in the "streets of major importance" classification.

HE SAID that he had favorable replies from all except owners representing about 300 feet. Alworth pointed out that unless the right-of-way was at least 60 feet wide, it could not be listed as of major importance.

I would say that in 10 or 15 years we will be happily using coal dust to run our cars. If the atomic age is here by then, we may do it with small pieces of uranium.—Patrick Johnson, English inventor.

A pasture for poultry flocks will save from 10 to 30 per cent on the feed bill, depending on the quality of the pasture.

Thumbs Down

Board Denies Appeal
For Farm Coordinator

A request by several agricultural groups that the county hire Charles Gonzales of Perris as "farm labor coordinator" has been turned down by the board of supervisors.

Delegates who appeared at last week's board meeting asked that the new office be set up because, they said, the state department of employment's farm labor office had dropped Gonzales from the payroll and wouldn't be able to procure enough farm laborers.

Supervisor James I. Easley said the need for a coordinator wasn't countywide—only Hemet and Cherry Valley interests have shown any interest in setting up the new office, he said.

And Supervisor Floyd Gilmore said he didn't think it would be legal to set up the new office.

"The communities will have to solve this problem themselves," Easley said.

At Health Rally
Mrs. Holderman Attends
Hospital Discussion

The nurses of the Riverside County Health Department, Dr. Henry D. Stailey, superintendent of the county hospital, attended a conference last Friday morning in Arlington.

This meeting was designed to establish a greater coordination in public service matters which affect these two administrative divisions of the county government. The group included Mrs. Madge Holderman, the Public Health Nurse here.

Birthday Party

Commander Morrison
Of Legion Post Feted

Commander Jay Morrison of Owen B. Coffman post, American Legion, was the honor guest at a surprise birthday affair at World Wars Memorial Hall Tuesday night.

Members of the post auxiliary gathered while the post was staging a regular routine meeting and after that was adjourned, Commander Morrison was feted, the day being his birthday anniversary.

Arrangements for the affair were in the hands of Mrs. Morrison, head of the auxiliary and Mrs. Joe Omlin. The latter baked the birthday cake which was the feature of the evening.

On Vacation

Casa Del Camina
Closed Until Fall

Mr. and Mrs. Axel Linus have closed the Casa Del Camina, North Palm Canyon drive, for the summer months and are in the High Sierras to spend their vacation.

Mr. Linus hopes to do some painting of the mountain scenery. They left by auto and trailer and plan to spend some time on the coast.

A brush fire, fanned by a brisk wind, yesterday afternoon was responsible for a fire call to Highway 111. The flames were subdued after a brief attack by firemen. There was no damage.

CLASSIFIED ADS—PHONE 2249

Supervisors Back Plans for County TB Specialists

A provision for a new consulting tuberculosis specialist at the county hospital was included in an amendment to the county salary ordinance passed by the board of supervisors yesterday.

The amendment apparently complied with recommendations of the County Taxpayers association—a taxpayers spokesman branded the county TB situation as "disgraceful" last week—and the county medical advisory committee.

Dr. Hugh Martin of the advisory committee asked that the board hire Dr. William M. Kinney of Riverside, to work mornings at the hospital and raise the standard of treatment for TB patients.

Dr. Martin asked that Kinney be paid \$500 a month, the amount provided in yesterday's ordinance. The board agreed to act last week after Earl Collins of the Taxpayers Assn. said TB patients weren't going to the county hospital because they couldn't get proper treatment there.

Assessments . . .

Hemet fifth with \$2,400,000. Indio's assessed valuation was \$1,831,270.

The city tax rate, to be fixed soon, is expected to remain at \$1.00 per \$100 assessed valuation and the county rate will be figured when the budget is balanced against the assessment roll and subventions and grants from the state.

COUNTY AUDITOR Ray Hicks is tabulating the preliminary budget which was approved by the board of supervisors last week, and will probably release the figures during the next few days.

The biggest increase on the assessment roll was in the rural districts—from \$63,979,470 to \$54,010,100—rather than in the cities, where property was assessed at \$75,538,400 this year as against \$69,535,170 in 1947.

Assessed value of land outside the cities jumped from \$31,994,640 to \$26,190,910, mostly because of new subdivisions and new land brought into agricultural use, Burchfield said.

DON'T KILL BEES

One method of preventing DDT from killing bees and other beneficial insects without losing its deadliness for leaf-chewing caterpillars and other pests is to coat its grains with a substance indigestible to the former but not to the latter.

Permit Sought for Off-Street Parking In Heart of Town

Mrs. Zaddie Bunker, well known pioneer Villager, wants to give Palm Springs its first real downtown parking lot and is prepared to remove buildings in what is known as Bunker court to provide a close-in, easily-reached lot just off Palm Canyon drive.

She outlined her plans to city council Wednesday night and was referred to the planning commission for a decision on the zoning aspect of the project. The commission meets next Wednesday and if her plan meets approval, she will probably gain a permit the same day.

SPEED IS ESSENTIAL in the project to have it in complete readiness for the new season. Entrance would be through the westward extension of Andreas road between the Desert Inn garage and the Village Pharmacy. Ultimate plans also include another outlet on Bellardo road.

Mrs. Bunker plans to have an attendant in charge and estimates more than 100 cars can be accommodated. City Manager W. E. Alworth said that a survey reveals that without an attendant, self-parked cars would approximate 70.

AFTER THE BUILDINGS are removed, it is planned to pave the large lot.

It will be the first instance in Palm Springs of a practice long followed in many large cities—removal of buildings to provide room for parking lots.

Grub-invested cattle are a heavy annual loss to the livestock industry.

Chaplain Malone Speaks Sunday at Community Church

Chaplain Howard Malone of Pomona, who is still in the service in the hospitals in the Los Angeles area, will preach at both services next Sunday at Community church, 11 a.m. and 7:30 p.m. He will be accompanied to the Village by Mrs. Malone.

Chaplain Malone went into the service at the start of World War II and is still in uniform. He also plans to teach one of the 9:45 Sunday school classes.

Mrs. George B. French is in charge of arrangements at Community church during the absence of the Rev. James H. Blackstone Jr., now on vacation.

Burial custom of the Igorot tribe, Luzon, is to place the dead in a sitting position until the body is dried, and then into a cave or grave.

DOING THE VILLAGE

with
Moya Henderson

In spite of the fact that most Villagers took advantage of the three-day holiday to get away from the desert, there were those who welcomed the opportunity to come back for a visit. Summer weather never scares out Alan and Mary Helen Thompson. They are such devotees of the desert that they visit at any time of the year so, with their two children, they enjoyed the weekend with Mary Helen's mother, Dottie Stein.

Among other former Villagers who came back to old haunts over the holiday were Betty and Earl Lykken who, with Pita and Al Olsen, spent the week-end at Tommy and Betty Kieley's. The Kieleys entertained for their guests with a barbecue Saturday evening.

WHEN THE Jack Williams started on their homeward trek from Kansas, they paused long enough in Marysville, Missouri, to pick up Sally Robinson and bring her back to California with

them. Sally, who is the daughter of Fay Robinson of Palm Springs and Marysville, has been attending Christian College in Columbia since her graduation from high school here and was homesick for the Golden West. After visiting with the Williams she will go on to Los Angeles to visit her aunt and then to San Diego for a visit with her sister, Marty Jones.

Rodeo and carnival time drew crowds to Idyllwild this past week-end. Among the revelers at Fern Valley Lodge Saturday evening were Jimmy Briody, Leone Inman, Ann and Elmo Purnel, Jerry Sanborn, Bob and Deb Ballard and Ken DuBose. Jerry's cabin was bulging at the seams on Sunday when the Ken DuBoses, Gordon Youngs, Earl Houghs, Jack Gorhams, Phil Delanos and Mary Jane Hicks and Ernie Dunlevie arrived at the cocktail hour.

THERE WAS quite an assemblage at the Carl Lykken's that evening when the Bill Butts, Lauritz Hansens, Charlie Hendersons and the Lykkens' houseguests, Mrs. Helen Edgerton, Mr. and Mrs. Ernest Sutton and Jane and Earl Neel gathered for dinner and bridge. Of interest to everyone gathered was Mr. Sutton's book, fresh off the press, "A Life Worth Living." And, incidentally, it was a very nice birthday party for yours truly.

That lonesome look on Frank Pucell's face testifies he's bacheling it this month while wife Evelyn and the family have gone on up to their Yosemite ranch. Frank will join them in August. Al Weingarten left Esther at Laguna while he came back this week to

"My folks'll refuse to raise my allowance fifty cents, but they'll toss away three hundred bucks a year on my violin lessons!"

Fugitive Escapes

Police Set Up Road Block For Fleeing Cyclist

Police set up a road block for a bicycle this week but the object of their search apparently failed to pedal this far.

The request came from Banning police who said that a youngster who had been punished for setting fire to a house, set out on his bicycle to see the world. He was believed to be heading this way. A watch here failed to find the cyclist.

put in some office work. Those veteran sportsmen, Roy Colegate and Harold Hicks, are searching for bigger and better trout in the high country back of Jordan Hot Springs while Clarence and Louise Purnel with the help of Marge and Bill Paul are busy wrangling guests at Purnel's Jordan Hot Springs resort.

Naval Air Reservists joined forces with a veterans' association to aid starving Navajo and Hopi tribes in Arizona recently when supplies, collected by the association, were flown to the recipients by Reserve pilots attached to Naval Air Station, Los Alamitos, California.

Not being so efficient in cold weather, razors are said to stop better if dipped first in boiling water when the temperature is low.

Veterans Rally

At Legion Hall

Members of Owen B. Coffman post, American Legion, met Tuesday night at the World Wars Memorial Hall in regular session. Commander Jay Morrison presided and routine business was discussed also plans for coming conventions.

Remove Signs

Realtors Try Experiment In Sales Psychology

"For Sale" signs on occupied residences are being removed in San Fernando Valley.

Members of Burbank, North Hollywood and San Fernando Valley real estate boards have voted to remove the signs for the next 90 days.

A survey, said the members, showed prospective buyers were bewildered by thousands of such signs, and gives the impression "everybody was trying to... get away from something undesirable."

Already, report the realtors, sign removal has increased the number of genuinely interested prospective purchasers coming direct to realty offices. "Open House" signs on improved properties are also due for removal.

PALM SPRINGS, CALIF.
Friday, July 9, 1948

The Desert Sun—5

From Page One—MORE ABOUT Cement Mill...

into the open, Harper said that Palm Springs people are thoroughly aroused over the threat to their business interests, their property and their health. "The prevailing wind the year around would bring clouds of cement dust and smoke directly into the Village. Palm Springs people feel that property worth from \$60,000,000 to \$75,000,000 would be ruined."

CITY COUNCIL members and supervisors have already studied the situation and have been over the ground where the proposed cement plant is to be erected.

A meeting to survey the situation was held recently at the Southern Pacific depot with city officials and supervisors using baggage trucks as seats.

Supervisor Easley declared that the Village is preparing for a finish fight to prevent erection of the plant. The supervisor is now a resident of Palm Springs.

COUNTY SEAT reports say Guiberson has invested \$135,000 in the land over a long period of years.

The land, south of the highway, goes back into the mountains and the factory would probably be near the Southern Pacific right-of-way. The hills back of the tract are reported full of limestone to be used in the manufacture of cement. The dust from the operations is the cause of the Village protest.

A new tail sign for trucks and buses is designed to expand safety and courtesy of the road. The driver presses a button, when the road ahead is clear, and the electric sign flashes an "okay—pass" to cars behind.

The earliest known date inscribed upon what is known as a "grandfather's clock" is 1681.

It is the proud mission of the victor nations to lead the Germans by the hand back into the European family.—Winston Churchill.

Summer Time Not Altogether Rest Period for Police

Felony arrests totalled five in June in Palm Springs but represented only four Palm Springs cases as local police found that the summer period was still a busy one. One of the arrests was at the request of Riverside county.

Two arrests were made on fictitious check charges and two for grand theft.

Misdemeanor cases slumped in June, with 67 arrests, 40 of them for traffic code violations.

Chief A. G. Kettmann's report to city council cited five felony complaints and 321 other complaints investigated revealing that it isn't altogether vacation time for the department.

There were three accidents in the month, two of them involving injuries.

A recent analysis of U. S. Navy personnel figures shows that over 46 per cent of the present regular Navy officers are former enlisted men.

Cathedral City
Fire Truck Called
Twice in 2 Days

The state forestry truck stationed at Cathedral City responded to two fire calls in two days Tuesday and Wednesday, both out of town.

Tuesday night the truck roared through Palm Springs en route to a spot near Garnet on Highway 99 where a grass fire was out of control. Relief Driver Don Keyes soon had the blaze subdued.

Wednesday morning the truck was called to Indio to assist in fighting a warehouse fire. This blaze, too, was quickly quenched.

Orrin White is the regular driver in charge of the state forestry service fire station.

Health Workers
Meet New Chief
At Riverside

Dr. Robert S. Westphal, the new county health officer, was welcomed by the health department staff at a meeting held last Friday afternoon at the court house in Riverside. This afforded the public health nurses and sanitarians the opportunity to meet their new chief and briefly relate some of the public health aspects peculiar to their own districts.

On the evening of the same day, in the Riverside city park, a spaghetti supper and the Louis-Wolcott fight broadcast were enjoyed by the members of the department.

Attending from the desert area were Mrs. Madge Holderman, Miss Marie Harris of Blythe, public health nurses, Dr. O. B. McRory and F. Mack Moore, sanitarians.

Cathedral City News Roundup

Mr. and Mrs. W. A. Autwell left this past week for Dallas, Texas, for the Summer months.

Mr. and Mrs. Har L. Kopp, owner of the Cathedral City pharmacy, left this week for Winnipeg, Canada, to visit his mother.

Harvey Petterson and Bert Wade of the Desert Cove Ranch went to San Diego deep sea fishing. Mr. Wade hit the jackpot. That meaning he caught the largest fish.

Evelyn Camp and daughter Toni are spending several days in Crestline as Mrs. Daisy Russell, Mrs. Camp's mother, has the mumps.

Mr. and Mrs. Herb Henry and Mr. and Mrs. Orville Woods are vacationing and fishing in the high Sierras. Hope they didn't forget their blankets.

Mr. and Mrs. George Patrick are back on the desert for a few days before going on a visit to Washington and Ohio.

Miss Esether Peterson and Miss Agnes Pelton left this week for Redondo Beach. Miss Peterson to spend the Summer but Miss Pelton expects to return within a few days.

Mr. and Mrs. Carrol Waller left this past week for Oregon, Washington and maybe Canada. They planned their trip through the beautiful redwoods. A trip through the beautiful redwoods of northern California is worth taking any time.

Mr. and Mrs. Milt Busby and children, Charles, Lester and Kay Ellen left for Tahoe Lake for the Summer. Mr. Busby is very interested in homesteading some of the land in Nevada that we have been hearing so much about recently.

Sam Arner, the realtor, is spending some time in Los Angeles on a business trip.

We again wish to thank Roy Tracer, of the Summers Detective agency, for discovering and re-

porting a fire just as it got started so the fire department was able to extinguish it without much damage. In the early hours of the morning on Wednesday one of the True-Westbrook-Pope Construction company's trucks, that is working on cutting down the hill just east of town, caught on fire. Saturday night a week ago Carl's Cafe on Broadway, in the National Trailer Store building, caught on fire. This fire was also reported by Roy Tracer and the fire department put it out with only a slight damage.

Speaking of the Fire Department, perhaps we should say the Forestry Department, since our Fire Department is really a division of the Forestry—anyway, we want to say how happy we were to see Mr. Orin (Pappy) White, who has been stationed here for some time, return here after his vacation, which he spent in the Yellowstone National Park. He thought when he left he would be assigned a new post. We have two new volunteer firemen, Jack Hillery our postmaster, and Barry Pearl of the Cathedral City Trailer Repair.

Mrs. Carl McNary of the Desert Tent and Awning spent a few days in Santa Ana on business this past week.

We are happy to see more of our business places staying open than last year. The Desert Tent and Awning, the Cathedral Pharmacy, the Cleaning and Laundry agency are a few who will be open to serve you all Summer.

Mr. and Mrs. Claude Cobb left last week for Oregon to spend a few days.

Mr. and Mrs. Sylvian Noach, who recently purchased a home at 555 "D" street, left for Salt Lake for a short visit, then to spend the rest of the Summer in Los Angeles. They will again return to the desert next fall.

Mr. and Mrs. Joe Kirk and children, John, Tommie and Barbara Jean left for Lake Tahoe for the Summer.

One-third of the original nine-inch layer of topsoil which covered the United States has washed or blown away, according to The American magazine.

Government Plans
Great Expansion
Of Canal System

The federal government will spend \$68,585,900 in California water projects in the fiscal year which started July 1 and of that sum, \$4,000,000 has been allocated Coachella Valley projects.

Work on the All-American canal is expected to add 75,000 acres to productive areas in the county desert.

The four million ear-marked for the local desert will be used to construct a water distribution system for the branch of the All-American canal system which carried water to the Coachella Valley, United Press dispatches from Washington said. Besides the 75,000 new acres, the dispatch said the money would also provide water for the 20,000 now under cultivation.

According to a spokesman for the U.S. Bureau of Reclamation the first unit to go into construction will be a high pressure line which will take the water from the north to the south side of the Valley. C. S. Hale is construction engineer for the Bureau at Coachella.

Lateral systems serving Indio, Coachella and Thermal regions will be installed with the greatest possible alacrity, the bureau said.

Although it is impossible to estimate accurately the length of time necessary to complete the distribution construction, bureau authorities today said that it probably will take from two to three years.

Food Handlers

Course Being Prepared
By County Sanitarians

County Health Department Sanitation, F. Mack Moore, assigned to the Banning-to-Indio district, is a member of the committee planning a food handlers' course.

Other members of this group are Mrs. Esther Huseman, public health educator, and Lloyd Irons, sanitarian for the Hemet-Elsinore district.

Lots of Excitement Mixed In With
Baseball in Games at Field Club

They put on a lot of baseball at the Field Club this week. Even cribbed from Brooklyn and had a fight at the home plate. But the fans got their money's worth in excitement although some of the games had Bob Bennett, recreation director who keeps score, fit for a straight-jacket.

In the opening rookus Monday night the Globe Trotters hung on the Desert Stars 15 to 12, there being almost as many errors as hits. Helen Jackson of the GTs hit a homer with two on.

The score: R H E
Desert Stars 20 505-12 7 6
Globe Trotters 11 220x-15 8 7
Lola Bruce, Barbara Crossley and Corrine Crossley; D'Estier Webb, Ruth Davis and Sammie Boyd.

THE SECOND GAME Monday night was a lulu. The Junior Chamber of Commerce broke its tie with the White Sox for last place by snowing the plate under in the last inning with ten runs.

The Sox were ahead 7 to 3 when it started. They were still ahead 7 to 5 with two out and the third falling into the fielder's mitt. But he dropped it and after that costly error, the Jaycees scored eight times more to win, 13 to 9.

The score: R H E
Jr. Chamber 00102010 13 10 3
White Sox 100402 2-9 14 10
Shaw and Benish; Jones and Malone.

TUESDAY NIGHT the Palm Springs Electric, Village entry in the County League, went to Beaumont where Devers, local hurler, handcuffed the opposition 6 to 0. The victory sent the local squad nearer the top in the race.

The Globe Trotters went to Oasis that same night but didn't do as well. In fact, they didn't do any good at all. Playing at Coachella, Oasis took the game 10 to 1.

ON THE LOCAL LOT Tuesday

Fast Colton Mercuries Seeking
Services of Village Herrera

Johnny Herrera, member of the city police force and one of the softball stars of the Village has been approached by Gabriel Estrada, manager of the Colton Mercuries, crack southland softball team, with a contract for a two-month tour of California and Mexico, it was revealed today and said that he was considering the offer.

Herrera, who has gained considerable reputation here with his mighty bat, said the offer was an attractive one but that he might have to pass it up as it would be difficult to leave now.

Estrada came to the Village to press his invitation and looked over the Mexican Colony entry in the Desert League in action the other night.

the Desert Stars trimmed the Banning Theater Girls' team 6 to 2 in a close game.

The girls were battling it out along even lines until the last of the fourth when Lorraine Crist slapped one for four bases with two on and broke it up. Barbara Crossley held the visitors to two hits.

The score: R H E
Banning 10010-2 2 3
Desert Stars 3003x-6 6 3
Norma Whitlund, Vickie Meranda and Jane Hodges; Barbara Crossley and Corrine Crossley.

SENIOR BOYS' TEAM again demonstrated the peculiar position they are in when they beat back the Blacksmiths of the Coachella Valley league 28 to 3 in the second game. The Senior Boys, all teen-agers, are too good for comparative age teams around the area but not quite good enough for competition with the men's teams. They are out of opponents.

In this game Louie Valesquez doubled on the battery, pitching for a while and then catching.

The score: R H E
Senior Boys 11511100x-28 21 2
Blacksmiths 0002 001-3 2 2
Larriya, Ruiz and Polo; B. Prieto, Mendoza, Valesquez and Valesquez, Stower.

THE LION CUBS changed their name to Pete's Pioneers this week in the Boys' League, being sponsored now by Pete Sheptenko, realty broker.

But the change in name didn't do them any good. They lost to the Chuckwallas in the opening

Juveniles to Race
Tomorrow in Big
2-Year-Old Event

Twenty-six fleet equine youngsters, representing the greatest crop of two-year-olds ever to make their home at Hollywood Park, have been nominated for the \$25,000 Starlet Stakes to be run tomorrow at the Inglewood track at six furlongs.

The competition for the juvenile championship of the west, which will be settled by this race, is so keen that except for the \$100,000 Hollywood Gold Cup the Starlet nominations list is the largest on record this season at Hollywood Park, according to Racing Secretary John R. Malvius. Forty-one of the nations' top handicap stars have been named for the July 17 Gold Cup, weights for which will be announced this week.

game Wednesday night, 11 to 5. The Chuckwallas started out strong, coasted through the middle and finished strong.

The score: R H E
Chuckwallas 5000114-11 7 7
Pete's Pioneers 0020201-5 6 6
Martinez and Driskell; Judd E. Prieto and Reyes.

THE BIG NOISE of the week came in the second game Wednesday when Desert Hot Springs trimmed the American Legion 20 to 14 in an overtime game.

The two teams see-sawed back and forth for their regulation game and round up in a 14-14 tie.

Then in the eighth, with the visitors at bat, there was a collision at the plate.

AN ARGUMENT arose and both teams rallied around to take a hand.

The debate was settled without a blow. The Desert Hot Springs crew then banged in six runs to win the game 20-14 as the Legion could do nothing in its half of the eighth.

The score: R H E
Amer. Legion 10427000-14 13 7
Desert H. S. 26140106-20 19 6
Murphy, Martin and Ellis; Talavera, Dubbed and Flowers Talavera.

Ray L. LangerCalifornia State Hotel
Head Taken by Death

Ray L. Langer, president of the California State Hotel association and well known to all Palm Springs hotel men, died at his

Hotel Figueroa in Los Angeles, where he lived, Tuesday as result of a heart attack. Besides the Figueroa he owned the Commodore and Clifton hotels in Los Angeles.

He was elected to the presidency of the association at its annual state convention here last Fall.

Tire Prices UpMajor Companies Hike
Prices 4 to 6 Per Cent

Effective Tuesday, July 6, motorists of the Village who were in the market for automobile tires, paid from 4½ to 6 per cent more for passenger car sizes. Major tire companies at Akron, Ohio, announced the boost that day.

**Red Cross Seeks
Rent-Free Use of
County Building**

Board of supervisors this week agreed to find out whether it would be legal to let the American Red Cross use space in the county building in Indio rent-free.

Mary Allen Pangle, county Red Cross manager, asked the Board to let volunteer workers use two or three unoccupied offices in the building.

Supervisor James I. Easley whose district includes Indio, said he'd be in favor of the request, but Supervisor Arthur Weirick said he didn't think the deal would be legal.

The board agreed when Miss Pangle asked that the request be turned over to County Counsel Earl Wedwine for his opinion.

Miss Pangle said the Red Cross would be willing to turn the offices back to the county when the county needed them.

Sales Taxes UpBonelli Reports County
3-Month Total \$895,709

Riverside county has \$35,709,000 worth of taxable sales in the first quarter of 1948, William G. Bonelli, chairman of the State board of equalization said yesterday.

Taxes amounted to \$892,725. It was a 11.49 per cent rise over the first quarter of 1947.

Bonelli said retail sales and tax revenues over the entire state amounted to \$65,512,169 and ranked as the second highest in the history of the state.

The state taxes were based on taxable transactions of \$2,260,486,760 and represented a gain of 8.96 per cent over the first quarter of 1947.

Edward Lake, one of the western reservoirs of the Nile in Central Africa, was discovered in 1875 by H. M. Stanley, who named it after the then Prince of Wales, later Edward VII.

InterestedThey All Want to Know
About Palm Springs

Everybody wants to know about Palm Springs.

Dr. John Robertson Macartney, for eleven years pastor of Community church here who retired last year after 50 years in the pulpit, is at present touring the east. From Brattleboro, Vt., he wrote that every place he stopped on his trip east, the moment it became known that he was from Palm Springs, he was besieged with questions about the Village.

"I've been in the pulpit a long time and now I am doing missionary work—for Palm Springs. The Chamber of Commerce should be proud of me," he said.

The Macartneys concluded their tour of the New England states with Gertrude Hunt, winter resident, this week and after a visit at the home of Mrs. John Jenkins on Long Island, will head westward.

**Healthful, Secluded Living
in the Desert**

Think of Relaxing under a "Violet Ray" sun in America's finest winter climate. . . . Think of a carefree life in a choice nook of unspoiled desert . . . the speeding, troubled world left far behind. . . . Think of pleasant out-of-door recreations at your finger tips in an informal atmosphere, yet secluded from the every day throngs, that is

PALM VILLAGE

Here in this charming desert oasis it is easy to relax . . . to enjoy life . . . to gain new vitality, as the parade of peaceful sun-drenched days and cool, invigorating nights pass into pleasant memories.

Nearly a million dollars have been spent to provide such city conveniences as paved streets, electricity, natural gas, telephones, restaurants, cocktail lounge, fruit, vegetable and well stocked meat, a Texaco Service Station, and grocery markets and many other shops.

Abundance of sparkling water, 99.6% pure.

**Weber's
GOOD IDEAS****KITCHEN TRICK**

TRY THIS orange topping for toast: Blend 2 tablespoons each of butter, grated orange rind and orange juice with ¼ cup powdered sugar. Spread on lightly toasted bread and put back under the broiler to get piping hot.

**HOUSEHOLD HINT**

A paper clip or a wire hairpin can be used to make the job of pitting cherries easier.

RECIPE**GLAZED CHERRY PIE**4 c. washed and pitted sweet cherries
1 c. sugar
Baked pie shell
Glaze:
1½ Tbsp. cornstarch
4 Tbsp. sugar
2 Tbsp. lemon juice

Sprinkle cherries with 1 c. sugar, let stand for 30 minutes. Drain and add water to juice to make 1½ cups. Mix cornstarch with remaining sugar, add liquid. Cook and stir until thick and clear. Cool, add lemon juice. Arrange drained cherries in pastry shell, pour cooled glaze mixture on top. Chill well before serving.

CHECK AND DOUBLE CHECK

GINGHAM BLUE—Weber's wonderfully delightful white bread. GINGHAM BROWN—Weber's wheat bread. Maybe your family will want both.

66-8

No matter how good that picnic lunch is, it's always a lot better when there are several bottles of cold Eastside to go along with it. More people drink Eastside in Southern California than any other beer.

Democrats Will Be On the Air In City Next Week

The democratic convention in Philadelphia next week will be accorded the same, full-scale reporting effort by CBS newsmen, engineers, and producers that the republican convention received, according to KCMJ manager Dick Joy's program prospectus this week.

Essentially the same 90 experts will be on hand for CBS to bring radio listeners the dramatic unfolding of convention happenings from the floor of Convention Hall and elsewhere in Philadelphia.

A Philadelphia preview broadcast will be aired at 10:00 a.m. Sunday, and the convention keynote address at 6:00 p.m. Monday, to start the week of broadcasting by KCMJ for Palm Springs listeners.

Highlights in the CBS coverage of the G.O.P. Convention included a dramatic revelation by California Senator Knowland, on the floor of Convention Hall, several minutes before even the delegates knew it, that Governor Warren was releasing his delegates to Dewey. Also CBS newsmen scored a "beat" by accompanying Governor Dewey from his Hotel Bellevue - Stratford headquarters all the way to Convention Hall for his acceptance address.

New, 12-pound Handy-Talkies, and a 7-ton mobile broadcasting unit with a plexi-glass top were among the developments successfully used in Philadelphia, which will be available for CBS reporters throughout this coming week. KCMJ will carry most of the important hours of the convention, in addition to its regular schedule of newscasts.

Congress is permitting political consideration to temper its deliberations on the national security. —Owen J. Roberts, retired Supreme Court Justice.

An atmosphere of fantastic uncertainty envelops our foreign policy in dealing with Russia. —Ely Culbertson, bridge expert and political writer.

Villager Visits in New England

Dr. J. R. Macartney Describes Home of Great Evangelist, Dwight L. Moody in Massachusetts

(Dr. John R. Macartney, pastor emeritus of Community church here has again come in contact with a typewriter and below sets forth some more views of his travels to Brattleboro, Vt.)

By DR. J. R. MACARTNEY

Two days ago we visited Northfield Seminary for Young Women and also the School for Boys. The conferences attract people by the thousand to hear great preachers lectures and Bible teachers.

Here he lived, here he founded that well known Bible confer-

ence, and established the Northfield Seminary for Young Women and also the School for Boys. The conferences attract people by the thousand to hear great preachers lectures and Bible teachers.

THE SPACIOUS GROUNDS gently sloping toward the Connecticut river which divides Vermont from New Hampshire and Massachusetts, afford a breathtaking view of the Green Mountains and in the distance the Adirondacks.

Here and there the dormitories, class room buildings, assembly halls and residences, glimpsed through the stately elms and maples.

A spacious hotel affords accommodations for the hundreds of guests who come and go.

On an eminence nearby towers a chateau, a French design palace 130x130 feet and several stories high.

THE MAN who built it had a son of whom it is said he never earned a dollar. One day the father asked what he would like most of all, he replied "A chateau like they have in France" whereupon architect, designers, wood carvers, marble workers and skilled workmen of all trades were assembled. Europe was ran-

sacked for mantle pieces, chandeliers, paintings, scenes from Napoleons' life and military career portraits of lovely women.

Such high ceilings and full height mirrors, furniture of and service. Nothing in America I have ever seen, like it. The youth for whom it was built had a wife who did not like the place and the hotel company has acquired it for overflow of distinguished guests. Some 22 rooms.

The garden and walks surrounding certainly do suggest the finest of French chateaus. When those glorious crystal chandeliers were ablaze with light, it must have been something to behold.

A BALCONY surrounds the main ball room. Wide stairways, as well as an incline walkway, for the owner whose locomotion was not good. Here on one grand occasions the ladies were assembled, each one threw down one of her slippers, which was gathered by the gentlemen who thereupon mounted up to the roundabout and claimed as their evening companion, the lady who had the other slipper. A novel idea for an entertainment.

A SHADED KNOLL, in the midst of elm, maple, and cedar trees marks the resting place of Mr. and Mrs. Moody. The wording on the grave stones "His servants shall serve Him and they shall reign forever."

Nearby also is found another ivy covered stone bearing the legend of another worthwhile life, Evelyn H. Hall, 1885-1911. Principal of the Northfield School for Girls.

Beneath her name a verse from Holy Writ. "They that be wise shall shine as the brightness of the firmament, and they that turn many to righteousness shall

From Page One—MORE ABOUT

This Side of Sun ...

G about it and she said: "You certainly just see the silver lining ... I suppose if someone called you a really bad name you'd feel flattered because the first word connotes youthfulness." ... When I can spare the time, I'll figure out that one.

YOU NEVER CAN tell about a fellow by looking at him ... Especially when he's so modest.

But John V. Murphy, tax consultant in The Center, had his 50th birthday the other day and when he received an autographed football from Australia and a playing jersey from down under, questioning revealed that he was a half back in 1919 and 1920 with the famous Australian football team which played England, Wales and the noted New Zealand All Blacks among others ... Murphy also knows the American game as well as Rugby and helped Tom Lieb at Loyola, coaching backfield men the year Loyola almost upset U.S.C. ... In 1940 he was a steady guest of Elmer Layden and the Notre Dame team and sat on the bench in most of the games ... The football he received on his 50th birthday is autographed by members of the Aussie team ... He's proud of that gift ... It's a habit in Australia ... When a rugby star gets to be 50, he's sent an autographed ball by the club as a memento of days of greatness.

THERE ARE all sorts of signs being put up by local firms to inform the public that the establishment is closed for the summer ... Down at Fulton's there's that one mentioned before "Gone to lunch, back October 15." ... Ruby of the Dunes also disdained an ordinary sign ... He's got one in his window which shuns the word "Closed" altogether. His sign simply announces that he'll be on hand, happy to greet and serve his friends on Sept. 3.

shine as the stars forever and ever."

WE SPENT a whole day drinking in the beauties of the place. Of course no such thing as a liquor sign or liquor store, desecrates the entire surroundings and village.

The museum contains the trophies of the great evangelist. The wooden cradle in which the mother of Mr. Moody rocked her nine children is there.

His desk, his Bibles, his writings and portraits also of the great Singing Evangelist Ira D. Sankey who was Mr. Moody's companion in his great soulsaving campaigns.

This was of special interest to myself, inasmuch as it was in one of these great meetings in Old City Hall, Pittsburgh, at the age of 15 I found my way into the inquiry room, and made a definite decision for the Christian life and service.

THE GREAT AUDITORIUM seats several thousand and nearby the Russell Sage chapel, the gift of Mrs. Russell Sage in memory of her husband, is a church edifice seating 800, with magnificent organ, and appointments of the most dignified design.

Miss Gertrude Hunt, under whose kindly and directing auspices we are being shown the historic and interesting places in Vermont, has been from early childhood associated with all the uplifting influences. To her we are deeply indebted for this visit to Vermont and New England.

... That's a nice way to tell the public that the place is on vacation ... When, and if, August comes and I can go on my vacation! I'm going to hang a sign on my desk: "Gone to cashier's window ... If I don't find it, I'll be back sooner than you expect!"

WELL, there's Frank and his two husky aides again ... This time it looks as if I'll have to give up ... It's three against one ... I hope the cooler is working ... And Mr. OBJ probably hopes I am

ALL RIGHT, here they are: The first words written in the new Sun news room ... At 1:54 p.m. the same July 8, same A. D. ... They got me here ... I had to walk ... P. S. The cooler isn't working ... I am.

"Yes...you get increased interest at Bank of America!"

* Deposits made by July 10 earn interest from July 1. Increased interest paid on all regular savings accounts, no matter how large the balance.
